TO QUALIFY:

- 1. Property must be within Cincinnati city limits.**
- 2. Trees must be planted within 30 ft of the right-of-way or visible from the street.** Planting between the street and sidewalk and in backyards is not acceptable.
- 3. Plant the right tree in the right place.** Please consider the mature size of the tree. Be aware of any obstructions from wires, utilities, or other structures.

A high priority is given to planting trees on private property along streets the Park Board cannot plant due to narrow right-of-ways. The Park Board encourages such streets to coordinate delivery and planting for interested property owners.

Other priority areas include community focal points such as entranceways, street triangles, areas near street intersections, and public frontages along major streets.

Trees are provided free. Recipients are responsible for pickup and planting. Forestry staff will inspect each planting location before approving tree requests, and will inspect locations after planting to ensure guidelines are followed.
