Defragmentation! Identify the most sensitive / essential bio zones, prioritize connecting them + ASK FOR VOLUNTEERS to help accomplish "shovel ready" projects. Prioritize other parts of master plan around Metropolitan sewer district plans to fix sewer + get rid of CSO in Burnet Woods Park.

Comments:

I think both proposals are very valuable and I hope that the parks board values productive discussions instead of loud obnoxious people who refuse to engage in a conversation.

Comments:

CCAC should be near the
Bandstand and the playground.
This would be great for families
and for coordinated programming.

I fully support CCAC moving into
Burnet Woods.

MAPPING EXERCISE:

I PREFER THE CCAC NOT BUILD IN BURNET WOODS.

IF THE CCAC WERE TO GO IN THE PARK, I THINK THE EAST SIDE OF BROOKLINE (BTW. LUDLOW + TRAILSIDE) WOULD BE MOST APPROPRIATE.

Comments:

PLEASE separate the arts center from the Camping! Educ. Foundation. They are not the same. Hugh made a good presentation! wants the improvements for Burnet. The arts center is not a good idea.

IDENTIFY AREAS THAT WOULD HAVE MINIMAL
ENVIRONMENTAL IMPACT AND COULD EVEN
IMPROVE THE NATURAL ENVIRONMENT BY
REMOVING EXISTING PAVEMENT AND
REPLACING TREES

Comments:

- ① If ~~CCAC~~ CCAC ~~builds~~ builds in Burnet Wds, it should be located near entrance so as not to disturb greenspace.
- ② 30-40 parking spaces inadequate.
