BUTTERFLY OUTREACH PROGRAM 2020

The Naturalist Staff of Cincinnati Parks is offering outreach programs for schools with students Preschool – 5th Grade and other groups. Programs have been designed to meet Common Core standards while at the same time prepare students for an educational and meaningful experience at this year's Butterfly Show at Krohn Conservatory. Programming can also be tailored to meet other groups' interests.

Weekdays, from late March to mid-May between the hours of 9:00am – 5:00pm, are available for scheduling a program at your site or Eden Park if space is available. Our activity/lesson plans work better with a maximum of 30 participants per program. Youth programs require at least one teacher/adult present. All programs are 45 minutes in length.

BUTTERFLIES: PRESCHOOL – 2ND GRADE

What makes butterflies insects? What exactly is an insect? Why don't we see butterflies in the colder months of the year? What do butterflies use for tasting and eating? Discover the exciting world of a butterfly's life and the unique role they play in the ecosystem. "Build a Butterfly Costume" teaches basic anatomy while stories help younger students gain an appreciation for how humans might help the long-term success of these winged wonders.

Preschool – Kindergarten: Special focus given to the process of metamorphosis, seasonal changes, and importance to ecosystems.

1st & 2nd Grade: Coloration/camouflage, monarch migration, and differentiation between moths and butterflies are shared. Activities help students gain an appreciation for how humans might help the long-term success of these winged wonders

BUTTERFLIES: GRADES 3RD – 5TH

Investigate through hands-on activities what makes butterflies one of the most successful groups of insects on the planet. From adaptations to fulfilling specific niches within an ecosystem, students examine how humans have helped and hindered the success of butterflies across the planet. An up-close view of butterfly anatomy receives a WOW! from students.

Cincinnati Parks Krohn Conservatory

MARCH 21 - JUNE 21

Presented by: John A. Schroth Family Charitable Trust

3rd & 4th Grades: Along with the topics mentioned above, discover how metamorphosis and some adaptations conserve energy for a butterfly while habitat changes can be detrimental to their survival.

5th Grade: Students investigate by viewing images of wing scales, proboscis, and other physiological features of butterflies. Some of the newest scientific research findings from around the globe are shared with students.

Program Fees/Payment: \$100 for first program for a max of 30 children; \$50 each additional program. Payment can be made by voucher / P.O., or by credit card, money order, cashier's check, or school/business check (payable to: Treasurer, City of Cincinnati) in advance or at the time of the program. **We regret that we cannot accept personal checks.** If payment is by PO, please have it in progress when contact is made for scheduling the program.

Depending on availability, consider scheduling a program in Eden Park on the same day as your visit to the Butterfly Show.

Outreach locations outside of the 1-275 loop requires an additional travel fee of \$50. The maximum distance traveled outside of I-275 is 25 miles.

Scheduling a Program: Call 513-360-5215 (LaBoiteaux Woods Nature Center) or email Lara.Wardlow@cincinnati-oh.gov at least 2 weeks in advance for the program opportunities list above. Have several preferred dates already cleared with your administration since we cannot put "holds" on dates.

We do not send out written confirmations, once you receive an invoice, the program is considered booked. Except in cases of weather emergencies, cancellations must be made at least 48 hours in advance of your scheduled visit, or a \$20.00 service fee will be charged. We do proceed with programs even in rain, normal winter cold, etc.

Cincinnati Parks is committed to providing a quality experience at all parks and facilities by providing reasonable accommodations for individuals with disabilities upon request, call 5133572604. Visitors may be recorded by Cincinnati Park Board for educational and promotional uses.
